STATEMENT EXPLAINING ESCROW FEE PAYMENT

Applicant:

As noted in the Planning Application form, the City of Mendota Heights may require an escrow payment/deposit to cover any added costs directly related to processing this application; or held as a security fee to ensure all work related to an approved project has been completed to the satisfaction of and acceptance by city staff.

These costs may include additional city staff time, administrative costs, and costs for any consultants essential to completing the application's review or processing.

The City makes every effort to minimize the cost of reviewing this application. To be most effective, it is important that you submit complete documents, plans, and designs. Incomplete submittals may result in increased review time, and may require more of the City's consultants to become involved in the review.

For example, if the City Attorney is required to draft legal documents that your attorney could draft, your escrow account would have to cover the City Attorney's time.

If your escrow deposit is used or depleted before the application is concluded, you will be required to make an additional deposit. In all cases, any negative balance in your escrow account will need to be paid prior to releasing City approvals (including building permits) related to your application.

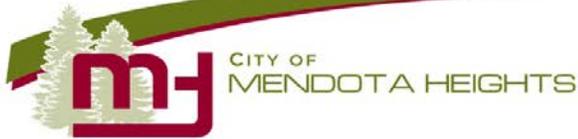

Any excess or unused escrow payments, or work security deposits will be refunded after final action is taken by the City Council, all work accepted by city staff, and/or all billings have been fully reconciled with the city.

Please contact Community Development Director Tim Benetti at (651) 255-1142 if there are any questions related to this escrow deposit or if you are unsure on how to proceed.

Acknowledgement by Applicant that this statement has been read and understood:
